Dear Parent:

Our desire is to help each child in our church school to encounter the love of Christ as well as to grow in the ability to participate more fully in the life of the Church.

In order to create the most supportive environment for our children that we can, we would like to ask for more information about your children's learning strengths and any additional needs.

While your answers are completely voluntary, knowing more about your child will help us to support each child's unique needs.

1. Please share any learning or other needs your child has in order for us to provide appropriate resources and support.

2. Does your child currently have, or has your child ever had, an IEP, service plan, or a 504 plan? Please share the type of learning differences your child has so that we can provide accommodations and resources to support your child's learning style.

3). What is your child's greatest learning strength?

4). In what area(s) does your child struggle most? (Academic, social, focus, etc.)

5) What strategies have you used with your child that have been successful?
